CSCI 3350 Assignment 5

Fireworks

Estimated time: 10 hours

Objective: This assignment has you work with creative web design and the basic features of Adobe Fireworks. You will design and build your personal website mock-up.

Instructions:
- For creative web design, you should first produce sketches and design a mock-up in Fireworks, before building the website in Dreamweaver.
- This is **your personal website**. You should use it to introduce yourself (or your work, or your hobbies etc) to others. You can use it to advertise yourself (your work etc), but it should **NOT** become a technology site or a political site or a religious site or a fan site etc **(-50 points** if it is not your personal site).
- Produce two sketches for your personal website, choose one of them for the final Fireworks work.
- Apply basic design principles you learnt in this class.
- Choose a color scheme.
- Apply suitable "texture".
- The width of your webpage should be around 960 px, a bit more or a bit less is alright.
- Build your personal website design mock-up in Fireworks. Name your file index.fw.png.
- You do NOT need to slice the image.
- Submit the following
  - **index.fw.png** to the D2L digital dropbox
  - Two sketches
    - In class sections; submit the sketches in class
    - Online sections: scan the sketches, save as **lastname_firstname_assignment05.pdf**, submit to the D2L digital dropbox.
- Hints
  - Be creative but…
  - Keep it simple, you only have 10 hours

**Grading guidelines (programming questions):**
Your programs will be judged on several criteria, which are shown below.
- Correctness (50%): correct techniques, following instructions above
- Design/Idea (30%): following design principles
- Presentation (20%)

Sample Assignment (Next Page):

Sample Assignment (Fall 2012, Bridget Cloud):

index.fw.png

Bridget Cloud also did some sub-page layouts (optional)

Sample Assignment (Fall 2013, Justin Kenner):
Normally we want to make the first page non-scrolling. Justin chose a different aspect ratio, which will make his page scrolling.
