Dr. Leong Lee

CSCI 3350 Assignment 3

Visual Research / Design Principle / Ideation Sketchbook

Estimated time: 10 hours

Please use the same sketchbook which you used for assignment 1:

Readings (read the following **before** starting this assignment)

- Textbook Robin Ch. 2-6, 7, 9-12
- Textbook Jason Ch. 1-5 (all)
- Powerpoint Slides Four Design Principles
- Powerpoint Slides Layout and Composition Jason
- Powerpoint Slides Color Jason
- Powerpoint Slides Texture Jason
- Powerpoint Slides Typography 1/2 & 2/2 Jason
- Assignment 3 sample scan

Instructions:

- The four basic web design principles by Robin Williams are
 - o Contrast
 - o Repetition
 - o Alignment
 - o **Proximity**
- Starting out on paper is an effective way to begin the web design process
 - o Doing visual research on different websites is a good way to learn design principles
 - o Go to **Design** Template Websites listed below, choose 12 website designs
 - Work Examples at https://zurb.com/work
 - Unmatched Style at https://unmatchedstyle.com/gallery
 - CSS Drive at http://www.cssdrive.com/ > Top Menu > Gallery > (choose...)
 - I apologize if any of these sites go offline (I have no control over them)
 - Or you may go to other websites that provides inspirational web design templates
 - You do not have to get all web designs from sites mentioned above. There are a couple of other websites you can choose web designs from.
 - >=4 of the designs should be suitable for corporate / business
 - >=2 of the designs should have an extra "no scrolling opening screen".
 Some websites may have a "no scrolling opening screen", that is an opening page that looks good even without scrolling. Other pages on these websites looks good when it scrolls.
 - In other words, these designs should have 2 sketches per website.
 - The "no scrolling opening screen" page should use template "QS2panel_w_notes-landscape.pdf".
 - The pages that scrolls should use template "QS2panel_w_notes-portrait.pdf".

2 CSCI 3350

- Sketch these website design on your sketchbook
- O Sketch template (use the templates below, depending on page design: no scrolling or scrolling):
 - No scrolling (looks good without scrolling): QS2panel w notes-landscape.pdf
 - Scrolling: QS2panel_w_notes-portrait.pdf
- O Use the sketch templates (cut cardboard) to draw two rectangles for each page
- Write notes to indicate website url, purpose of the website, estimated screen resolution, and target audience
- For each rectangle (webpage), write notes to indicate how the four basic design principles (CRAP) are used on the page. You may draw more than one rectangle for a design to show a design principle.
- Submit the following
 - o 12 website designs (>= 14 rectangles, because >= 2 designs have an extra "no scrolling opening screen")
 - o Total: >=7 pages (>= 14 rectangles)
 - o Write your name at the top of each page
 - Notes mentioned above
- You are restricted by the following:
 - Use black and white only (no color)
- Hints
 - o Please use a ruler
- Grading Notes
 - >=2 design (no scrolling + scrolling) = 4 sketches
 - >= 14 sketches
 - \circ Miss 1 sketch = 7 points
 - Website url -0.5
 - Purpose of website -0.5
 - Estimated screen resolution -0.5
 - Target audience -0.5
 - How CRAP is applied -5.0
 - No error => quality of drawing => 80-100
 - O Write name at the top of each page = -5 points (for not having any name) for all pages
 - o Non-pdf: -2 points

Submission instructions:

Please scan the pages, save as a pdf file, name the file **lastname_firstname_assignment03.pdf**. Submit the pdf file to D2L dropbox by the end of the indicated submission date (23:59). Refer to assignment 3 scan sample for formatting requirement. Do **NOT** copy the design ideas from the scan sample. You should come out with your own design ideas. 0 point will be awarded if you copy the scan sample.

Grading guidelines (programming questions):

Your programs will be judged on several criteria, which are shown below.

- Correctness (50%): correct design principle, understanding of principles, visual composition, following instructions
- Design/Idea (30%): idea generation and exploration
- Cleanness / Presentation / Wirebound or Hardbound (20%)
