

Project 1 – Marking Scheme (20 marks)

Full Name: _____ Date: _____

Personalization of your web pages is essential. (**Change “Richard” to your name**) No mark will be awarded if you do not use your name.
Your web site should be able to function (be accessed) from any folder (directory).
If you cannot produce your work in time, late penalties are applied.

	Criteria	Marks	
		Yes	No
	Student's web site must satisfy ALL the criteria in each row in order to earn the marks (in each row). All files must follow file names listed below. (File extension *.html is also acceptable.)		
1	Student can define a site map in Dreamweaver. (web site folder c:\temp\Richard) We can see both maps and files in site map view.		0
2	Index.htm <ul style="list-style-type: none"> Must be the first page of your web site Contains "Richard's Personal Web Site" 3 links are linking to correct page with "by Richard" works 		0
3	My1st.htm <ul style="list-style-type: none"> It contains H1 to H5 tags with Richard inside It contains 5 paragraphs (P tags). 3 paragraphs are Left, center and right aligned, as shown on the sample web site. Must have Richard as shown in sample web site. 		0
4	My2nd.htm (same as the sample web site, all with Richard) <ul style="list-style-type: none"> Unordered List Ordered List Definition List <dl> Nested unordered List within <Pre> tag demo
 tags for 3 lines 		0
5	Html.htm <ul style="list-style-type: none"> Contains "Richard's First Shot at HTML" 2 links link to correct pages with "by Richard" works (2 more links optional) 		0
6	Dream.htm <ul style="list-style-type: none"> Contains "Richard's Dreamweaver Stuff" All links link to the correct pages (1 more link optional) 		0
7	Mmele.htm <ul style="list-style-type: none"> Contains "Richard's Multimedia Elements" All links link to the correct pages 		0
8	Links.htm (same as sample web site, top half) <ul style="list-style-type: none"> Contains "About Richard" & Richard made by gif images. Paragraph content same as sample web site (very similar acceptable) Contains link to http://www.tp.edu.sg 		0
9	Links.htm (same as sample web site, bottom half) <ul style="list-style-type: none"> e-mail link working (launch default e-mail software) image map working with 2 links working 		0
10	Tables.htm (same as sample web site) <ul style="list-style-type: none"> Contains "Richard's Tables" All 2 links link to the right pages (1 more link optional) 		0

Short Course Project

11	D_table1.htm <ul style="list-style-type: none"> Contains “Richard’s Tables as Charts” 2 tables are completed with 8 color bars in total 		0
12	D_table2.htm <ul style="list-style-type: none"> Table is the same as sample web site with no gap between cells Images are not distorted Contains “by Richard” in 3 cells with text 		0
13	Frame1.htm <ul style="list-style-type: none"> Left frame 4 links are working (as shown in sample web site, 1 more link optional) Right frame files are frame_intro.htm, d_table1.htm, d_table2.htm (d_table3.htm optional) Home in left frame links to index.htm (replaces the main frame) 		0
14	Graphics.htm <ul style="list-style-type: none"> All 3 links are working Jpeg_gif.htm <ul style="list-style-type: none"> Contains images and text as shown in sample web site All images contain Copyright by Richard 		0
15	Banner.htm <ul style="list-style-type: none"> Link to image file with width = 480, height = 160 (view source) Image file must be .gif or .jpg format (not distorted) Image file contains Copyright by Richard Image file contains at least one butterfly (from another image file) Image file contains “Welcome to Butterfly Park” words 		0
16	Effects.htm <ul style="list-style-type: none"> Link to image file with width = 500, height = 440 (view source) Contains 7 effects as shown in sample web site (different color OK) Contains words describing the effects Image file must be .jpg format (not distorted) Richard must be on top of all 7 effects 		0
17	Cheetah.htm – Cheetah <ul style="list-style-type: none"> A link on Gif_ani.htm brings up Cheetah.htm Cheetah.png file contains 8 frames Cheetah.gif animation file can be see on Cheetah.htm Cheetah moves from the left to the right of the gif animation file in smooth motion There is no white area around the Cheetah. (white area removed for all 8 frames. Copyright by Richard are in all the frames of the gif animation file. 		0
18	Cheetah.htm – Animated Flowers Banner <ul style="list-style-type: none"> Animated Gif with width = 500, height = 80 (view source) Copyright by Richard must be on all frames At least 3 Frames of text appears in the animated gif At least 4 Frames of roses (increase in number) appears 		0
19	File Organization – following sub-folders are created <ul style="list-style-type: none"> C:/Temp/yourname/audio => for final audio files C:/Temp/yourname/images => for final image files C:/Temp/yourname/video => for final video files C:/Temp/yourname/working => for working files 		0
20	File Management <ul style="list-style-type: none"> /images sub-folder contains only .gif and .jpg files (no other file type) /audio sub-folder contains only audio files All .png files are raw files can only be found in /working sub-folder Root folder only contains .htm files 		0

Short Course Project

21	File Management <ul style="list-style-type: none"> Index.htm file is stored in the first directory level C:/Temp/yourname/ No .htm file is found in other folders (/audio, /images, /video) 		0
22	Web Page Title (Penalty) Check the following pages for page titles. -0.5 mark for any incorrect page title. Maximum 3 marks can be deducted. For all pages, -0,5 mark for page title containing other student's name For all pages, -0,5 mark for any "Untitled Document" . File Name => Page Title Index.htm => Richard's Homepage My1st.htm => Richard's First Html File My2nd.htm => Richard's second HTML file Html.htm => Richard's HTML Dream.htm => Richard's Dreamweaver Stuff Mmele.htm => Richard's Multimedia Elements Links.htm => About Richard Namelist.htm => Richard's Name List (A to E) Tables.htm => Richard's Tables D_table1.htm => Richard's Tables as Charts D_table2.htm => Richard's Flowers Galore D_table3.htm => Richard's Tables Galore Frame1.htm => Richard's Frame 1 Graphics.htm => Graphics Jpeg_gif.htm => Optimising Images Banner.htm => Banner Effects.htm => Effects	-0.5 x ____ = ____ (max 3)	
23	Site Management (Penalty) <ul style="list-style-type: none"> - 0.5 mark for each broken link found (1 missing image counted as 1 broken link). Maximum 3 marks can be deducted. 	-0.5 x ____ = ____ (max 3)	
24	Web Site Portability (Penalty) <ul style="list-style-type: none"> Lecturer to rename the folder c:\temp\Richard to something else. The web site should still work. -0.5 mark for each broken link found. Maximum 2 marks can be deducted. 	-0.5 x ____ = ____ (max 2)	
25	Late Penalty <ul style="list-style-type: none"> (-15% <24 hrs; -30% <48 hrs; -60% <72 hrs; -100% >=72 hrs) 		
Final (after penalties)
